Home page (as an example)

Also known as the Dashboard, your landing page is a <u>Workspace</u>. Each workspace presents various information in sections known as <u>Widgets</u>. On the Home workspace you will find a Notification widget accompanied by a collection of other widgets based on the functionality you have been entitled to (for example viewing account balances or initiating account transfers).

Workspace

Each workspace is a page on which you will see the system default widgets relevant for that workspace (i.e. on the Stop Payments Workspace you would see a Stopy Payments widget). Workspaces offer the ability for you to add, remove, resize, and arrange widgets to personalize the workspace to best meet your needs.

Но	ome		Add Widget 🗸 🗸

Widget

A widget is a single focused component that presents action(s) and information with common purpose in a List View, such as view account information, place a stop payment or make an account transfer.

While each widget focuses on different purpose, widgets have a set of standard capabilities:

- Repositionable, resizable and removable as described previously under Workspace for widgets with an icon.
- 2. Present sub-category of information in additional list views. + indicates there is more info to be expanded –
